

TMG HIV Testing and Consultation Month

In line with the country's testing promotion week (June 1 to 7) Tokyo has decided that **June 1 to 30** “**TMG HIV testing and consultation month**”, testing will be expanded and public education will be implemented

Expanding anonymous/free HIV/syphilis testing

- **Implementing simultaneous testing for syphilis**, which has a high risk of complications with HIV(as usual)

- **Tokyo, Shinjuku East Exit Testing / Consultation Room**

Expand the testing framework roughly 30%, **implement simultaneous testing for chlamydia and gonococcus**

Raise awareness about testing among young people in Kabukichou at points of contact for consultations

- Establish temporary testing centers on weekends and evenings at **17 public health centers in Tokyo**

Public education initiatives

- **Public education aimed at those aged 10 to 19**, an age bracket that is seeing syphilis increase

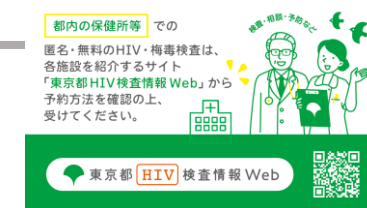

Visiting three youth education facilities to **educate about HIV / syphilis**

- **Distributing leaflets to 2,800 locations**, including schools, blood donation rooms, wards and municipalities and medical institutions

- **Calling on people for anonymous/free testing at Tokyo Pride 2025*1 and for zero discrimination*2**

*1 The “Tokyo Pride 2025 Pride Festival” held at Yoyogi Park is the largest LGBTQ+ event held in Asia

*2. One of the three zeroes (zero discrimination, zero AIDS-related deaths and zero new HIV infections) brought up by UNAIDS
